Program Outline

The BW Hockey Fall/Winter ID Program is designed to give our Local Island athletes, the opportunity for additional training and development through the Fall & Winter season for all players of all skill levels. This is #1 priority for all as the only way to get better is to do more.

This program also acts as our tryouts for The Wildcats HC Spring Teams. ALL players wanting an opportunity to play on the spring teams MUST register for an ID package as part of the Fall/Winter program. Each ID Package includes 2 ID games that must be attended for our coaches to assess each player wanting to try out for the teams. As well as skills and development training, dryland training and educational opportunities.

No matter the outcome, all players will benefit from additional training, which is necessary on the island to compete on a global scale.

The skills and development sessions along with the dryland are selected by you so they work best with your schedule. We recommend these sessions be selected with a focus on consistency so the player has the best chance of furthering their skills set.

During the educational Zoom calls we will have inspirational guest speakers and educators to help your player network and get the best out of their game.

Teams we look to offer-

2018/2019, 2017, 2016, 2015, 2014, 2013, 2012, 2011, 2010, U13 Female, U15 Female, U18 Female
